

HPC and Data in Materials Design and Discovery

A 12-week online, collaboratively taught course for Australian graduate students and researchers. The curriculum design aims to support graduate students and ECRs working in the space between HPC/Big Data and computational materials science with hands-on tutorials.

Event Details

Date: 1st Sep to 26th Nov 2021

Time: Wednesdays & Fridays 1 - 2pm (AEST)

Venue: via Zoom Webinar
